

Evolve 3 pack

Features:

- Fast flow filter cartridge.
- Unique 5 step filtration system.
 1. Fine particle filter removes sediments.
 2. Activated carbon reduces levels of herbicides, pesticides & chlorine.
 3. Special ion exchange resin reduces levels of heavy metals & helps prevent limescale.
 4. Ultrafine mesh helps to give extra clarity to your filtered water.
 5. Unique shape and structure ensures a consistent fast flow rate.
- Compatible with Aqua Optima and Brita Maxtra.
- Single life 30 day filter.
